Kaiser Consulting Awarded a #1 Spot in Central Ohio's 2019 Best Places to Work

COLUMBUS, OH – November 18, 2019 – Kaiser Consulting, LLC is pleased to announce the company has once again been named a Best Place to Work in Central Ohio by *Columbus Business First*. 2019 is the second year in a row the accounting and information technology compliance firm has been recognized as the number one workplace in the medium category. It is also the fourth time in five years Kaiser Consulting has received this respected award.

“We graciously accept this award honoring our firm’s culture of excellence. Our leaders are dedicated to consistently transforming our core values into a work environment that’s conducive to the personal and professional well-being of every employee,” said Lori Kaiser, founder and CEO of Kaiser Consulting. “At the foundation of our part-time, flexible work environment is a culture of mutual respect where our people are valued as our greatest asset.”

Kaiser Consulting employees joined local business leaders and supportive community members to celebrate the accomplishments of all the 2019 Best Places to Work honorees at the annual awards luncheon on November 14th at the Hyatt Regency in Downtown Columbus.

“It’s gratifying knowing our employees feel valued and are greatly satisfied with their interactions with coworkers, paths for professional development, and opportunities for work-life harmony,” Kaiser adds. “We’re honored to provide our team members a workplace where they are empowered to reach the highest levels of success.”

The awards program recognizing Central Ohio’s exceptional workplaces is now in its 15th year. *Columbus Business First* partnered with [Quantum Workplace](http://QuantumWorkplace.com) to compile anonymous employee satisfaction surveys in key areas. Topics included company culture, trust in senior leadership, working environment, role satisfaction, compensation and benefits, work-life flexibility, and professional growth. The Best Places to Work rankings are based exclusively on the survey results.

In 2018, Kaiser Consulting moved up to the medium category of 50 to 99 employees for the first time and received the top honor in this category.
