

Cynthia Stenger, CPA, MBA

Consultant

ABOUT CYNTHIA

Cynthia is a CPA who has been in the accounting and finance profession for more than 20 years. She has experience working in multibillion-dollar corporations with a global reach, along with mid-size businesses with regional operations. Her extensive background includes responsibilities over a broad range of accounting and finance activities, including general accounting functions, systems implementation, acquisitions and integration, regulatory financial reporting, and SOX compliance.

Cynthia's expertise in accounting includes period-end closing duties, consolidations, management and external reporting, budgets, and account reconciliations. Throughout her career, she has successfully led various accounting teams in areas such as payroll, capital budget, Sarbanes-Oxley compliance, accounts payable, and accounts receivable/collection processes. With her excellent analytical and problem-solving skills, Cynthia is at ease performing a variety of tasks, such as remediating complex financial issues, facilitating process improvement initiatives, or automating manual systems for efficiencies.

With her thorough understanding of business processes, Cynthia's skill set is invaluable to Sarbanes-Oxley compliance audit projects. She efficiently performs walkthroughs and documents business processes, and she is adept at testing internal controls, identifying deficiencies, and developing remediation strategies for ineffective controls.

Cynthia's excellent verbal and written communication skills allow her to develop rapport and build strong client relations quickly. Her commitment to project deliverables and strong work ethic make Cynthia a valuable asset to any client engagement.
